Subject: Uber

Please reconsider your stance on Uber. They have amazing service with a fair price determined beforehand. The state of for-hire taxicabs in South Carolina is pathetic. I have been price gouged, ignored, or turned down by more taxis than have given me a fair ride. Allowing Uber to serve the state will prevent drunk driving, push innovation, and improve the life of South Carolinians in general. Not doing so is government over regulation and a danger to the free market. If I wanted that, I would have moved to California. Please reconsider before you add yourselves to the list of lawmakers that have put a blemish on this great state's reputation.

James Lucas

**Importance:** High

To Whom It May Concern:

I am writing today to express my sincere displeasure that Uber has been ordered to cease and desist operations in Charleston, SC. This move by the SC Government is against the American (and South Carolinian) spirit of free enterprise and is completely wrong.

Having ridden with Uber in NYC many times, I was extremely pleased to learn about their expansion to SC and now extremely disappointed to learn that they are no longer operational due to the ignorance of those SC officials who are obviously trying to protect special interest groups in this State.

Let the free markets work and stop impeding the progress of South Carolina!

Regards,

BK

I am unaware of what the motivation behind the cease and desist against Uber operations, but sure hope it was in the best interest of the citizens of SC. My Uber experience has well exceeded 100+ rides and can tell you first hand that the social benefit of Uber far exceeds any competing interest. I will always choose Uber over any taxi service.
